EDUCATION

BS-Software Engineering

Lahore Garrison University

10/2018 - 11/2022

Intermediate in Computer Science

Govt Islamia College Civil Lines Lahore

10/2016 - 08/2018

PERSONAL PROJECTS

Crud Web App(Parallel Loop)

- During my training at Parallel Loop, I built a demo project—a CRUD app. I used **React js** for the frontend, **Node js** with **Express js** for the backend, and **Mongoose** for the database

Clever Staff (Venture DK)

- I'm working on the frontend in **React js**, and on the backend of this web application using PHP with the **Laravel** framework. **MySQL** is utilized for the database, and Git Bash for version control.

Barrie Jarrett (Venture DK)

- I'm working on the backend of this web application using PHP with the **Laravel** framework, **MySQL** for the database, Postman for API testing, and Git Bash for version control

WORK EXPERIENCE

Junior Software Engineer

Remotely Work

08/2024 - Present

Achievements/Tasks

- I work remotely as a Backend Developer in **Node.js** at a beginner level, focusing on learning and building web applications .
